PEOPLE IN EDUCATION -- THE UNIVERSITY OF MONTANA

Jerry Bromenshenk, an adjunct research professor in the division of biological sciences, will use \$1,500 from the U.S. Department of Agriculture's Carl Hayden Bee Research Laboratory for modeling tracheal mite/honey bee host parasite population dynamics.

Pharmacy Professor Charles Eyer and Associate Professor Jerry Smith will use \$9,890 from Ribic ImmunoChem to develop an animal model for a chemical compound of potential clinical importance.

Willard Granath, an associate professor in the division of biological sciences, will use \$174,695 from the National Institutes of Health to continue studying the molecular biology of schistosome-snail interactions.

Charles Keegan, associate director of the Bureau of Business and Economic Research, will use \$15,000 from the U.S. Forest Service's Intermountain Research Station to conduct a study of Idaho's forest products industry.

Wilderness Institute Director Alan McQuillan and Associate Director Bill Cunningham will administer \$5,000 from the Cinnabar Foundation and \$1,500 from the Forever Wild Endowment to conduct a Wilderness Institute education project.
